MANAGEMENT INFORMATION CIRCULAR
GENERAL PROXY INFORMATION

Solicitation of Proxies

This management information circular (this “Management Information Circular”) is furnished in connection with the solicitation of proxies by the management and the directors of Victoria Gold Corp. (the “Company”) for use at the annual and special meeting of the shareholders of the Company (the “Meeting”) to be held at the BW Gold Rush Inn, 411 Main Street, Whitehorse, YT., at 3:00 p.m. (Pacific time) on Thursday, August 18, 2011 and at all adjournments thereof for the purposes set forth in the accompanying notice of the Meeting (the “Notice of Meeting”). The solicitation of proxies will be made primarily by mail and may be supplemented by telephone or other personal contact by the directors, officers and employees of the Company. Directors, officers and employees of the Company will not receive any extra compensation for such activities. The Company may also retain, and pay a fee to, one or more professional proxy solicitation firms to solicit proxies from the shareholders of the Company in favour of the matters set forth in the Notice of Meeting. The Company may pay brokers or other persons holding common shares of the Company (“Common Shares”) in their own names, or in the names of nominees, for their reasonable expenses for sending proxies and this Management Information Circular to beneficial owners of Common Shares and obtaining proxies therefrom. The cost of the solicitation will be borne by the Company.

No person is authorized to give any information or to make any representation other than those contained in this Management Information Circular and, if given or made, such information or representation should not be relied upon as having been authorized by the Company. The delivery of this Management Information Circular shall not, under any circumstances, create an implication that there has not been any change in the information set forth herein since the date hereof.

Unless otherwise stated, the information set out in this Management Information Circular is as of July 21st, 2011.

Non-Registered Shareholders

Only registered shareholders of the Company or the persons they appoint as their proxies are entitled to attend and vote at the Meeting. In many cases, however, Common Shares beneficially owned by a person (a “Non-Registered Shareholder”) are registered either:

- (a) in the name of an intermediary (an “Intermediary”) with whom the Non-Registered Shareholder deals in respect of the Common Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers, trustees or administrators of a self-administered registered retirement savings plan, registered retirement income fund, registered education savings plan and similar plans); or

- (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited, in Canada, and the Depository Trust Company, in the United States) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Management Information Circular and its form of proxy (collectively the “Meeting Materials”) to the Intermediaries and clearing agencies for onward distribution to Non-Registered Shareholders. Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless the Non-Registered Shareholders have waived the right to receive such materials. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- (a) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a “voting instruction form”) which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the form of proxy to validly constitute a voting instruction form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or
- (b) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of Common Shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and deposit it with Computershare Investor Services Inc., 8th floor, 100 University Avenue, Toronto, Ontario M5J 2Y1.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Common Shares they beneficially own. Should a Non-Registered Shareholder who receives either a voting instruction form or a form of proxy wish to attend the Meeting and vote in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the names of the persons named in the form of proxy and insert the Non-Registered Shareholder’s (or such other person’s) name in the blank space provided or, in the case of a voting instruction form, follow the directions indicated on the form. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediaries and their service companies, including those directions regarding when and where the voting instruction form or the proxy is to be delivered.**

Appointment and Revocation of Proxies

The persons named in the form of proxy accompanying this Management Information Circular are directors and/or officers of the Company. A shareholder of the Company has the right to appoint a person (who need not be a shareholder), other than the persons whose names appear in such form of proxy, to attend and act for and on behalf of such shareholder at the Meeting and at any adjournment thereof. Such right may be exercised by either striking out the names of the persons specified in the form of proxy and inserting the name of the person to be appointed in the blank space provided in the form of proxy, or by completing another proper form of proxy and, in either case, delivering the completed and executed proxy to Computershare Investor Services Inc. in time for use at the Meeting in the manner specified in the Notice of Meeting.

A registered shareholder of the Company who has given a proxy may revoke the proxy at any time prior to use by: (a) depositing an instrument in writing, including another completed form of proxy, executed by such registered shareholder or by his or her attorney authorized in writing or by electronic signature or, if the registered shareholder is a corporation, by an officer or attorney thereof properly authorized, either (i) at the principal office of the Company, 80 Richmond Street West, Suite 303, Toronto, Ontario M5H 2A4, not later than 5:00 p.m. (Toronto time) on August 16, 2011, two days preceding the Meeting or any adjournment thereof, (ii) with Computershare Investor Services Inc., 8th floor, 100 University Avenue, Toronto, Ontario M5J 2Y1, at any time prior to 5:00 p.m. (Toronto time) on the last business day preceding the day of the Meeting or any adjournment thereof, or (iii) with the chairman of the Meeting on the day of the Meeting or any adjournment thereof; (b) transmitting, by telephone or electronic means, a revocation that complies with paragraph (i), (ii) or (iii) above and that is signed by electronic signature, provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of his or her attorney, as the case may be; or (c) in any other manner permitted by law including attending the Meeting in person.

A Non-Registered Shareholder who has submitted a proxy may revoke it by contacting the Intermediary through which the Non-Registered Shareholder's Common Shares are held and following the instructions of the Intermediary respecting the revocation of proxies.

Exercise of Discretion by Proxies

The Common Shares represented by an appropriate form of proxy will be voted on any ballot that may be conducted at the Meeting, or at any adjournment thereof, in accordance with the instructions thereon. **In the absence of instructions, such Common Shares will be voted for each of the matters referred to in the Notice of Meeting.**

The enclosed form of proxy, when properly completed and signed, confers discretionary authority upon the persons named therein to vote on any amendments to or variations of the matters identified in the Notice of Meeting and on other matters, if any, which may properly be brought before the Meeting or any adjournment thereof. At the date hereof, management of the Company knows of no such amendments or variations or other matters to be brought before the Meeting. However, if any other matters which are not now known to management of the Company should properly be brought before the Meeting, or any adjournment thereof, the Common Shares represented by such proxy will be voted on such matters in accordance with the judgment of the person named as proxy therein.

Signing of Proxy

The form of proxy must be signed by the shareholder of the Company or the duly appointed attorney of the shareholder of the Company authorized in writing or, if the shareholder of the Company is a company, by a duly authorized officer of such company. A form of proxy signed by the person acting as attorney of the shareholder of the Company or in some other representative capacity, including an officer of a company which is a shareholder of the Company, should indicate the capacity in which such person is signing and should be accompanied by the appropriate instrument evidencing the qualification and authority to act of such person, unless such instrument has previously been filed with the Company. A shareholder of the Company or his or her attorney may sign the form of proxy or a power of attorney authorizing the creation of a proxy by electronic signature provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of his or her attorney, as the case may be.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Objectives of Compensation Policy

The objectives of the Company's executive compensation policy are to:

- attract, retain and motivate executives critical to the success of the Company;
- provide fair, competitive and cost effective compensation programs to its executives;
- link the interests of management with those of the holders of Common Shares; and
- provide rewards for outstanding corporate and individual performance.

The following principles guide the Company's overall compensation philosophy:

- compensation is determined on an individual basis by the need to attract and retain talented, entrepreneurial, high-achievers;
- calculating total compensation is set with reference to the market for similar jobs in similar locations;
- an appropriate portion of total compensation is variable and linked to achievements, both individual and corporate;
- the Company supports reasonable expenses in order that employees continuously maintain and enhance their skills; and
- all compensation and compensation policies shall be fully and plainly disclosed.

Compensation Committee

The compensation committee of the Company ("Compensation Committee"), consisting of Messrs. Agro, Harvey and McInnis, is responsible for determining the compensation to be paid to the officers and directors of the Company, and for reviewing the Named Executive Officers' ("NEOs") recommendations respecting the compensation of consultants to the Company to ensure such compensation reflects the responsibilities and risks associated with each position. While determining the compensation of the NEOs), including the Chief Executive Officer, is subjective, the directors of the Company, as a whole, will consider, among other things: (i) providing fair and competitive compensation compared to the remuneration paid by a peer group of companies including Alexco Resource Corp., Andina Minerals Inc., Carpathian Gold Inc., International Tower Hills Mines Ltd., St. Andrew Goldfields Ltd., Yukon- Nevada Gold Corp., Exeter Resource Corporation, and Queenston Mining Inc. (collectively, the "Peer Companies") which are similarly placed within the same business as the Company; (ii) balancing the interests of the NEOs and the shareholders of the Company; and (iii) rewarding performance with respect to operations in general.

The directors of the Company, as a whole, are responsible for, among other things: (i) reviewing corporate goals and objectives relevant to the NEO's compensation and evaluating the NEO's

performance in light of those corporate goals and objectives; (ii) reviewing the compensation of other consultants and non-executive directors of the Company; (iii) reviewing the Company's stock option plan and (iv) reviewing any executive compensation disclosure prior to the Company publicly disclosing such information. When reviewing the compensation of consultants to the Company, the directors of the Company, as a whole, consider the following objectives: (i) to engage individuals critical to the growth and success of the Company; (ii) to reward performance of individuals by recognizing their contributions to the Company's growth and achievements; and (iii) to compensate individuals based on their performance and, to the extent applicable, on similar compensation for companies at a comparable state of development.

Compensation Philosophy and Process

The Compensation Committee reviews the executive total compensation package (base pay, incentive pay, option awards, benefits, and perquisites) annually and makes a recommendation to the Board.

Incentive Compensation

Executive officers of the Company are eligible to receive option awards and cash bonuses. Option awards, whose value is derived from increases or decreases in the Company's share price, are intended to provide incentives to attain longer term growth and performance objectives and enhance shareholder value. Cash bonuses are intended to reflect shorter term (usually annual) accomplishments.

Elements of Compensation

The compensation paid to the Company's officers has three main components:

- base salary;
- annual incentive compensation (bonuses); and
- long-term incentive compensation in the form of stock options.

Base Salary

Base salary is the principal component of an executive officer's compensation package and it is an important component of the compensation strategy for the executives of the Company. The Company is continuing to experience rapid growth. The success of the Company in continuously delivering value for shareholders is largely determined by the quality and consistency of the Company's strategy and how well the Company can execute on its development plans. In this regard, it is very important to ensure that its base salary compensation programs are designed to attract, motivate and retain the executives required for this crucial phase of development of the Company. Base salary levels take into account the officers' individual responsibilities, experience, performance and contribution toward enhancing shareholder value.

Base salaries are measured using internal surveys of average base salaries paid to officers of the Peer Companies. The Company believes the type, mix and quantum of compensation paid to its NEOs is consistent with that of the Peer Companies based on its assessment of the compensation provided to similarly placed executives at the Peer Companies and taking into account the fact that the Company is in the development stage and currently has no revenues.

Annual Incentive Compensation

The determination of annual incentives for each of the NEOs is subjective and relies on Compensation Committee discussion without formalized objectives. However, the Compensation Committee will consider:

- i. the Company's overall performance,
- ii. the senior officers' contribution to that performance, and
- iii. annual incentives as a component of overall compensation of similarly placed executive at the Peer Companies.

Stock Options

The stock option plan (the “Plan”) was approved by the shareholders of the Company on August 19, 2010. The Plan has been established to provide incentive to qualified parties to increase and align their interest in the Company and thereby encourage their continuing association with the Company. The Plan is administered by the directors of the Company. The Plan provides that options will be issued to directors, officers, employees and consultants of the Company or a subsidiary of the Company. The Plan is a “rolling maximum” stock option plan that provides that the number of Common Shares issuable under the Plan, together with all of the Company’s other previously established or proposed share compensation arrangements, may not exceed 10% of the total number of issued and outstanding Common Shares.

Stock options tie officers’ compensation to increases in the value of the Common Shares of the Company, and therefore provide an incentive to enhance shareholder value. Grants of stock options are based on three factors:

- the employee’s performance;
- the employee’s level of responsibility within the Company; and
- the number and exercise price of options previously issued to the employee.

Long-term incentives for officers and key employees are provided through stock options granted under the Plan.

Long-term incentives are an integral part of the compensation strategy of the Company. The internal compensation survey, described above, compares the number and value of options issued to the Company’s executive officers relative to the Peer Companies. A further basis of comparison is the number of options held as a percentage of shares outstanding. Based on these findings, the Company believes that the options issued to the executives of the Company are generally in line with industry averages. Currently, the maximum number of options permitted to be granted under the terms of the Plan is 10% of the number of shares outstanding. Absent other circumstances, the Compensation Committee’s policy is to recommend to award stock options that vest over a period of 18 months in order to maximize the incentive value and to enhance the ability of the Company to retain key individuals.

In connection with the annual evaluation of management’s performance the Compensation Committee makes a recommendation in respect of the number of options to be granted to officers and directors of the Company. If such recommendation is deemed acceptable to the board of directors of the Company, the board of directors of the Company approves the grant of the options and such grant is made with an exercise price which is also determined by the Compensation Committee.

The Plan, as implemented and followed by the Compensation Committee, provides for the granting of stock options that vest over 18 months to achieve the objective of aligning management’s long-term

5. Approval of Stock Option Plan

Pursuant to Policy 4.4 of the Corporate Finance Manual of the TSX Venture Exchange ("TSXV") (the "Option Policy"), the Company is permitted to maintain a rolling stock option plan which reserves a percentage of the issued and outstanding shares of the Company for issuance pursuant to stock options. The Plan was previously approved by shareholders of the Company at a meeting duly held on August 19, 2010. In accordance with the Option Policy, rolling stock option plans must be approved by the shareholders on an annual basis. The Company is not proposing to make any material changes to the Plan that was approved by shareholders at the meeting thereof in August of 2010.

The following is a summary of the terms of the Plan.

The Plan provides for the grant of non-transferable options for the purchase of Common Shares to eligible participants. Subject to the requirements of the Plan, the directors of the Company have the authority to select those eligible participants to whom options will be granted and the number of Common Shares subject to options which may be granted. The exercise price of options granted cannot be lower than the higher of (i) the closing price of the Common Shares on the TSXV (or any applicable senior stock exchange if the Common Shares become listed on a senior stock exchange) on the trading day immediately preceding the day on which the option is granted, and (ii) the average closing price of the Common Shares on the TSXV (or any applicable senior stock exchange if the Common Shares become listed on a senior stock exchange) for the 5 days immediately preceding the day on which the option is granted, (provided that if there are no trades on such day then the last closing price within the preceding ten trading days will be used, and if there are no trades within such ten-day period, then the simple average of the bid and ask prices on the trading day immediately preceding the day of grant will be used). In any event, the exercise price per optioned share will not be less than \$0.10, being the minimum exercise price allowable under the Option Policy. Each option, unless sooner terminated pursuant to the provisions of the stock option plan, will expire on a date to be determined by the directors of the

Company at the time the option is granted, which date cannot currently be later than five years from the date the option was granted. Options will remain in full force and effect and exercisable according to its terms until the optionee ceases to be involved with the Company, excluding death, after which time the option will expire within one year. In the event of the death of an optionee, an option which remains exercisable may be exercised in accordance with its terms by the person or persons to whom such optionee's rights under the option shall have passed under the optionee's will or pursuant to law, for a period not exceeding one year from the optionee's death. The total number of Common Shares reserved for issue pursuant to the stock option plan will be determined from time to time by the directors of the Company (or a committee thereof) but, in any case, cannot exceed ten per cent of the number of Common Shares then outstanding. In addition, the aggregate number of Common Shares at any time available for issue under the stock option plan to any one person cannot exceed five per cent of the number of Common Shares then outstanding, the aggregate number of Common Shares at any time available for issue under the stock option plan to any one person who is an insider (as such term is defined in the *Securities Act* (Ontario)) cannot exceed ten per cent of the number of Common Shares then outstanding and the aggregate number of Common Shares at any time available for issue under the stock option plan to any one consultant of the Company, or to all employees of the Company performing investor relations activities for the Company on an aggregate basis, cannot exceed two per cent of the number of Common Shares then outstanding.

If a take-over bid is made for the Common Shares, then the directors of the Company may permit all options outstanding which have limits on their exercise to become immediately exercisable in order to permit Common Shares issuable under such options to be tendered to such bid.

At the Meeting, shareholders will be asked to consider, and, if deemed advisable, to approve the following resolution in respect of the Plan:
