Victoria Achieves Major Milestone with Receipt of the Quartz Mining License for the Eagle Gold Project

Victoria is pleased to announce the Eagle Gold Project has passed another major milestone on September 20th with the receipt of the Phase 1 Quartz Mining License (“QML”). The QML is one of the major licenses required to build and operate the Eagle Gold Mine. The receipt of the QML is the culmination of a 3 year permitting and environmental assessment process which included submission of a Project Proposal in December 2010 and receipt of positive Yukon Government and Federal Government Decision Document in April 2013.

“We are highly encouraged by this major milestone as we work to advance the Eagle Gold Mine. With the granting of the QML, Eagle is now one of a few major gold projects in the world in a first class jurisdiction that is shovel ready, pending financing” said Victoria Gold Corp. President and CEO John McConnell. “Victoria is committed to the Yukon and we are very pleased to move forward and have the territorial government’s support.”

The Quartz Mining Licence enables Victoria, pending project financing, to start construction and undertake major earthworks. Victoria is now working on acquiring the other licences required to construct and operate the mine. These include:

- The amendment of a Type B Water Licence – on track to be filed before the end of 2013 and the licence expected to be received in 2014.
- The submission for a Type A Water Licence – on track to be submitted to the Water Board early in 2014 and expected to be received for operations in 2015.

WELCOME

Message from the Executive Vice President

Victoria is eager to begin construction of the Eagle Gold Mine and the company’s efforts this past season have been to continue to advance the project. We received the Quartz Mining Licence in September. The additional detailed design work done this season will facilitate a quick ramp up to start construction when project financing is secured.

The Company reassigned the executive roles earlier this year and I am pleased to be back in a hands on role with the Eagle Gold Project. My new responsibilities include overseeing the Eagle Gold Project through construction of the mine and into operations. It’s no secret that I love the Yukon having been involved with this project since 2007. My wife and I enjoyed our 3 week summer vacation this year camping throughout this great territory – from the BC border, to the Alaska border and north to Inuvik. I was also fortunate to enjoy a couple of hunting trips this year.

A significant and remaining milestone is to secure project financing to build the mine. Victoria’s Board of Directors and Management continue discussions with a consortium of lending institutions. Our approach is to preserve and protect shareholder value. The fact is Victoria’s Eagle Gold deposit, located on the Dublin Gulch property, is a proven and shovel ready project located in a favourable mining jurisdiction with existing infrastructure, a signed Comprehensive Cooperation and Benefits Agreement with the First Nation of the Na-Cho Nyak Dun, an approved Environmental Assessment and a Quartz Mining Licence. This is an incredibly rare combination and Eagle is ready to begin construction when the market improves.

I’m delighted to announce another member of Victoria’s next generation born in the Yukon – John McConnell, our President and CEO and Tara Christie welcomed their beautiful daughter Katie into the world on September 9th in Whitehorse. On a sad note however, we lost a very dear friend and colleague, John Goyman this summer. John was previously Vice President – Nevada, and was well respected in the north having lived and worked in Nunavut and the NWT for 30+ years – he is and will continue to be greatly missed.

On behalf of everyone at Victoria, we thank the community for your enthusiastic participation in the community meetings and for your continued support of the Eagle Gold Project.

Respectfully,
Mark Ayranto, Executive Vice President

Victoria Awards NND CBA Scholarships to 6 NND Citizens

The Victoria NND CBA Scholarships have been awarded to six recipients for the 2013 fall semester. Congratulations to the following students: Kaylie-Ann Hummel, Paul Profeit, Dalyce Jimmy-Priebe, Lindsay Rear, Michelle Peter, and Skyla Vance.

The scholarship program, established to support NND Citizens attending university, college, trades/technical courses, is a very important part of the Eagle Gold Project Comprehensive Cooperation and Benefits Agreement (CBA).

The deadline to apply for the 2014 winter semester scholarship is December 15, 2013. The scholarship application form can be found on the Victoria's website or you can contact the NND Education and Training Department.

At Victoria Gold we're leaving a legacy of employment, business opportunities and capacity building. That's why we've established a scholarship program for members of the First Nation of Na-Cho Nyak Dun.

Congratulations to our third group of scholarship recipients.

Lindsay volunteers on the Pemberton Land Use Committee and is working to keep mining and water use "safe and sustainable". Attending Yukon College, Skyla looks to a future of helping people after graduating from Practical Nursing. Paul is taking his passion on working on his own vehicles and turning it into a career in as a Heavy Equipment Technician. As an active first nation dancer, hunter and fisherman, and former Victoria Gold employee, Michelle feels that "mining sustains our way of life" and is on her way to becoming a Conservation Officer. Kaylie-Ann and Dalyce are studying Graphic Design and Environmental Sciences outside of Yukon, but hope to come back once finished and enjoy everything that it has to offer.

This unique group have all made an effort to make their communities and the world a better place. Victoria Gold is proud to be a part of helping them fulfill their future goals.

Investing in the Next Generation of Leaders

<p>Kaylie-Ann Hummel \$500 Second term of Computer Graphic Design, 1 year program</p>	<p>Dalyce Jimmy-Priebe \$1,000 1st year Environmental Sciences</p>	<p>Michelle Peter \$1,000 1st year Renewable Resource Management Program</p>
<p>Paul Profeit \$1,000 1st Heavy equipment Service Diploma</p>	<p>Lindsay Rear \$1,000 1st year Masters program Water Resources Management</p>	<p>Skyla Vance \$500 1st year Health, Education and Human Services Access Pathways Program</p>

Victoria Gold Elementary School Attendance Award

Kelly Arychuk, Vice President Mine Support Services, presents the attendance award to Teya Sequin.

Victoria is committed to working with Yukon schools to develop programs that will encourage students to attend school. Teya Sequin, who had 100% attendance and was never late, was awarded the Victoria Gold Corp. Elementary School Attendance Award for the 2012 – 2013 school year. This is the second year Teya has won this award.

JV Clark School Awards Ceremony – Special Acknowledgments:

This year's award ceremony, held September 4th, took time to acknowledge not only the JV Clark students who achieved the honour role, won artistic and sports awards but also three women who completed their General Education Development (G.E.D.) programs through Yukon College. Congratulations to Heidi Hoogland, Francis Phillips and Leanne Hoogland for completing their G.E.D.'s.

A special award was presented at the ceremony by Commissioner Doug Phillips to Mike McGinnis. Mike received the Commissioner's Award for Public Volunteer Service acknowledging his many years of volunteer work in the community of Mayo.

Yukon Heritage Fair

The students of JV Clark School participated in the Yukon Heritage Fair. This year's winners from JV Clack School included:

- Gavin Winter-Sinnott, first place for grades 4/5 and the People's Choice Award for his presentation "The History of Moose in the Yukon";
- Jared Leary, second place for Grades 6/7 for his display on "Vimy Ridge – the Great Canadian Battle"; and
- Taiya Melancon, grades 6/7 won the People's Choice Award and the Arts & Culture Award for her presentation "Northern Tutchone Beadwork in my Family".

Every Student, Every Day

Over \$55,000 raised!

The Victoria Gold Yukon Student Encouragement Society raised over \$55,000 at its second annual *Every Student, Every Day* Gala fundraiser on October 5th in Whitehorse.

Proceeds from the event will directly benefit the *Every Student, Every Day* Fund, which Yukon schools, communities and First Nations can apply to for financial support of programs they develop to help their students improve attendance in school.

"We're so grateful to everyone who participated in this important event to support our work to help Yukon students attend school regularly and succeed in their learning and in their lives," said Society President Kelly Arychuk. "On behalf of the Society, I'd also like to thank our community and industry champions Yukon Education, CKRW the Rush, Air North – Yukon's Airline, Pelly Construction, Merit Consultants, M3 Engineering and Mosaic Communications for their support and commitment to increased student attendance."

The Society looks forward to receiving a new batch of proposals and disbursing these funds to successful programs next spring. Also, results from the programs that received funding in April 2013 will be available at the end of the 2013/2014 school year.

We are also pleased to announce that the Society now has a website. To learn more about the *Every Student, Every Day* program, please visit www.everystudenteveryday.ca or find 'Every Student, Every Day Yukon' on Facebook.

The Yukon Government partners with the Victoria Gold Yukon Student Encouragement Society to address student attendance in the Yukon. Premier Pasloski, Minister of Education, Hon Elaine Taylor and Minister of Energy Mines and Resources (and former Minister of Education) Hon. Scott Kent share the podium at the 2nd Annual *Every Student, Every Day* Gala fundraiser.

Every balloon is a winner in the silent auction!

COMMUNITY CALENDAR

VICTORIA GOLD WAS PLEASED TO SUPPORT THE FOLLOWING EVENTS:

- MAY 6** Silver Trail Chamber of Commerce Annual General Meeting, Mayo
- MAY 13** Yukon Heritage Fair, Mayo
- MAY 11-12** Mining Week, Whitehorse
- MAY 18-19** Dawson Gold Show, Dawson City
- JUNE 22** Mayo Midnight Marathon, Mayo
- JULY 1** Canada Day BBQ, Mayo
- JULY 8** Dawson Rocks, Dawson City
- JULY 13** NND Annual General Assembly, Mayo
- JULY 20** Skookum Charity Pro-Am Golf Tournament, Whitehorse
- SEPT 4** JV Clark School Awards Ceremony, Mayo
- SEPT 4** NND Bannock Making Contest, Mayo
- OCT 5** *Every Student, Every Day* Gala Fundraiser, Whitehorse
- NOV 4** Victoria Gold Public Meeting – Project Update, Mayo

UPCOMING EVENTS

- NOV 17 - 20** Yukon Chamber of Mines GeoScience Forum, Whitehorse

EAGLE GOLD SUDOKU

Sudoku is a game of logic. Each row, column and 3x3 block must contain each letter only once.

This is the **Eagle GOLD** version of Sudoku: Instead of using numbers, use the letters in "Eagle GOLD" – taking special note of which letters are capitals and which are small. Each capital or small letter is used only once in each row, column and 3x3 block.

Enjoy and Good Luck! For the solution, please contact us at php@vitgoldcorp.com

Canada Day BBQ

July 1st was a sunny, warm day, perfect weather to hold Victoria's annual Canada Day BBQ. Victoria representatives John McConnell, Ben and Sarah Lacasse, Helena Kuikka and Lenora Hobbis were on hand to flip burgers. Proceeds of the BBQ went in support of the Dunena Ko'honete Ko Day Care, Silver Trail Chamber of Commerce, and the *Every Day Every Student* Fund.

Bannock anyone?

Victoria was pleased to sponsor the Bannock Making Contest and film festival, originally scheduled to be held on Aboriginal Day. The lucky judges, Kelly Arychuk, Walter Peter, Marie Hummel and Nancy Hager, got to taste a wide variety of bannock. The highlight of the evening, along with the bannock tasting, was the presentation of two very humorous films on bannock making. Who knew that there were so many ways to make bannock! Congratulations to the winners: Erin Profeit, Cathy Samson and Joanne Buyck and thanks to the NND Heritage and Cultural Department for organizing the event.

Exploration Update

Exploration on the VBW claim block.

This year's Dublin Gulch exploration program started in late July with a mapping and prospecting program in the areas of Potato Hills East and Lynx Dome. Ground Truth Exploration conducted a Direct Current (DC) resistivity survey over the Eagle Gold Mine pit area in August. This survey is part of a Yukon wide study, funded by the Yukon Geological Survey, to test the effectiveness of this technology using known gold deposits as test cases. The results of the DC resistivity survey will be published early next year.

In addition to the exploration program on the Dublin Gulch claim block Victoria conducted a soil sampling program, in August, on the VBW property located within the NND Category B Settlement Lands. The soil sampling program consisted of a soil grid over the 5 km long east-west soil anomaly identified during

the 2012 exploration season. The results of the 2012 and 2013 soil sampling programs identified an anomalous zone that warranted further exploration. In October Victoria conducted a small diamond drill program to test the mineral potential of the soil anomaly.

The drill program included 5 drill holes for a total of 1000m and was supported by helicopter and no trails or roads were constructed. The drill crew and geologist were based out of the Eagle Gold camp for the duration of the drill program. Representatives from the NND Lands and Heritage and Culture Departments toured the drill sites on October 3rd. Victoria has an Access and Exploration Agreement with the NND for the VBW claims. The Agreement provides benefits to the NND such as an access payment, employment opportunities and future royalties.

Operations Update

Haldane Creek Bridge repaired

This summer, the Yukon Government Department of Highways and Public Works replaced the Haldane Creek Bridge along the access road to the Eagle Gold Project site. This replacement brings the bridge up to highway standards and will facilitate construction access. In addition, the government has funded \$100,000 of road upgrades, specifically for improved drainage and road grading along the Haggart Creek section of the access road. This is in addition to the \$580,000

Victoria has spent maintaining the road since January 2012.

Victoria has continued to collect environmental baseline data such as water quality samples, stream flow measurements and thermistors measurements and checks on vegetation test plots. In August Victoria conducted a geotechnical drill program in the area proposed for ice rich overburden storage. Representatives from the NND Lands Department have been involved in the collection of baseline data throughout the year as they have done so each year since 2007.

During the last few months we have been winding down our operations at the Eagle Gold camp site. The camp will be closed for the winter months.

PROJECT INFORMATION

PROJECT TEAM

John McConnell	DIRECTOR, PRESIDENT & CEO
Mark Ayranto	EXECUTIVE VICE PRESIDENT
Kelly Arychuk	VICE PRESIDENT, MINE SUPPORT SERVICES
Paul Gray	EXPLORATION MANAGER
Mike Gunn	SITE MANAGER
Hugh Coyle	MANAGER, LANDS AND PERMITTING
