

Victoria Gold Corp, “Victoria” or the “Company”, is a junior mining company with an Executive team that has experience in mine building from exploration through to mine operations with a demonstrated ability to do it in an environmentally and socially responsible manner. Victoria’s **Eagle Gold Project** is in production and poured its first gold Q3, 2019. The Eagle Gold Mine and future mine will be a strong contribution to the Yukon and its citizens for many years to come. www.vitgoldcorp.com

Victoria Gold is looking to hire the position outlined below for our **Eagle Gold Mine** located in Yukon:

Process Operations General Foreman (Crushing and Conveying)

Under the direction of the Process Operations Superintendent, the Process Operations General Foreman will oversee the daily operation of the crushing and conveying system to ensure all areas are safely operating at their most efficient capacity. This position at times may be physically and mentally demanding and requires critical thinking and sound judgement. The ideal candidate will possess a great work ethic with a drive for improvement. The position is site-based working a 2-week rotational schedule of 12-hour days. Responsibilities are noted below which will include but are not limited to:

Key duties will include:

- Meet stated production goals in an innovative and safe manner
- Schedule emergency and preventive maintenance for assigned Ore Processing equipment and areas
- Work in cooperation with the site environmental group to ensure compliance with all site regulations and permits
- Provide safe working conditions and ensure that all safety concerns are addressed
- Ensure safe and efficient operation of all processing facilities
- Supervise up to 4 direct reports and over 35 indirect reports
- Accountable for effective communication with relevant personnel

Qualifications and Experience

- Strong understanding of mechanical, electrical concepts, and the operations of ore processing systems
- Strong leadership/team building skills
- The ability to present site policy without bias and with consistency
- High School Diploma is required
- 5 years supervisory experience is required
- 5-10 years experience in a mining crushing facility, preferable open pit mining
- Valid driver’s license
- Have a strong commitment to safe working practices
- Follows operating procedures and complies with all regulatory requirements
- Computer skills required for data management and communication

Victoria Gold Corp. offers a competitive compensation and benefits package.
