

**Victoria Gold Corp**, “Victoria” or the “Company”, is a junior mining company with an Executive team that has experience in mine building from exploration through to mine operations with a demonstrated ability to do it in an environmentally and socially responsible manner. Construction is underway at Victoria’s **Eagle Gold Project** which is fully funded and will be the next largest gold mine in Yukon. [www.vitgoldcorp.com](http://www.vitgoldcorp.com)

Victoria is looking to hire the position outlined below for our **Eagle Gold Mine** located in Yukon:

### **PROCESS OPERATIONS SUPERINTENDENT**

The Process Operations Superintendent is responsible for the safe and efficient management of the heap leach operations, crushing systems (primary, secondary, tertiary), and metal extraction and concentration processes (CIC/ADR) at Victoria Gold Corp, Eagle Gold Project, a major ore processing operation located in the Yukon, Canada. Eagle Gold is looking for a Process Superintendent who has extensive experience in heap leach, crushing, and ADR processing.

#### **Key duties will include:**

- Ensure all Process employees understand Mine Safety Regulations and how they apply with respect to Processing Plants, heap leach and crushing operations, and cyanide management
- Ensure Safety and Environmental management plans (relating to processing operations) are executed to deliver above average performance in these key areas
- Lead a team of foremen, engineers, and supervisors in the efficient and effective management of the listed Process Operations
- Monitor and effectively manage all process plant operation activities including operating costs, production and personnel
- Reduce variation within the production circuits to allow for continuous improvements
- Meet or exceed processing production targets
- Achieving this during production ramp up of a significant plant will be critical to success.

#### **Qualifications:**

##### Education and/or Experience

- At least 10 years within a mining environment
- Excellent hands-on leadership experience
- Extensive industry experience in open pit, gold mining operations
- CIC/ADR, Heap Leach, and crushing experience
