TAYLER VALLEVAND-VANCE, RODNEY FAGEN, PHIL MACLEAN AND MARIO MORALES

Yukoner At Work Tayler Vallevand Vance has worked for Victoria Gold at the Eagle Gold Mine since December 2020. In her role as Administrative Assistant for Mine Operations, she undertakes all administrative office tasks for the department including, but not limited to, the development of crew schedules, payroll duties and the input of safety meeting minutes and drill sheet information.

“The best part of my job is the people I work with,” says Tayler. “I am very grateful to be a part of this great team at the Eagle Gold Mine.”

Rodney Fagen, who started at the mine in June 2020, is General Foreman Processing Crushing and Conveying. He is responsible for the safe and efficient operation of the Eagle Gold Mine’s Crushing and Conveying circuit from the Primary Crusher through the Secondary and Tertiary Crushers onto the Overland conveyor to the Heap Leach Facility. “I enjoy the camaraderie of the people on site and the job’s fast pace, while ensuring the operation is done in a safe, planned and efficient manner,” says Rodney.

Supply Chain Superintendent **Phil MacLean** has been with Victoria Gold at the mine for over two years. In his role, he oversees the purchasing, warehousing and logistics for all of the goods and services for the effective operation of the Eagle Gold Mine. “I really enjoy interacting with people to solve problems,” says Phil. “I strive to do my job to the very best of my ability, and in doing so, contribute to the overall success of the mine.”

Senior Reliability Engineer **Mario Morales** and his team interact with the Maintenance and Operations teams at the mine daily and are responsible for the condition monitoring programs at site and performing any root cause analysis investigations on both fixed equipment and the mine’s mobile assets.

“I really enjoy condition monitoring,” says Mario; who has worked at the mine since November 2020. “Being part of the Reliability team is a really good balance for me between office work and field work.”
