

Team Work

PAUL GRAY & RORY MOLES

VITGOLDCORP.COM

PAUL GRAY FIRST WORKED FOR VICTORIA ON ITS DUBLIN GULCH PROPERTY IN THE SUMMER OF 2010

and has been part of the company's team since 2013. Today, he is the company's Vice President, Exploration; a position he assumed in May 2017.

"Field work is what I like best about my role. The joy of discovery through bringing geological concepts to reality, as Victoria continues to do as we build the Eagle Gold Mine, drives me each and every day in my job," says Gray.

Gray holds a Bachelor of Science (Honours) degree from Dalhousie

University and is a member in good standing with the Association of Professional Engineers and Geoscientists (P.Geo.) of BC. He brings over 25 years of mineral exploration and development experience from permitting through to production and has worked extensively as an exploration geologist in Canada, the U.S., Asia, Australia and Central and South America.

"I so look forward to our first gold pour later this year," continues Gray. "It is extremely important to me to be able to build and return skills, capacity and enthusiasm, through the success of

the Eagle Gold Mine, directly to Yukon residents and communities."

RORY MOLES AS VICTORIA'S PROJECT CONTROLLER, is responsible to track the Eagle Gold Mine's project trends related to cost and schedule, in order to accurately forecast and maintain budget control.

Prior to joining the Victoria team last fall, Rory brings nine years experience working in the mining construction industry through five significant mine builds advancing from administrative work to project management reporting. He holds a degree in Economics and Business Accounting from the University of Victoria.

"With controls, comes a closeness to the schedule that highlights the progress the team is making every day," says Moles. "I take a lot of pride in seeing the Eagle Gold Mine take daily steps towards completion. Every individual involved with the project is an expert in his or her field and understands exactly what is needed to make Eagle succeed."

Moles is most looking forward to the commissioning stage of the project. "I am excited to seeing our team's efforts come to fruition as the crushers, overland conveyor and plant all begin to boot up!"

VICTORIA GOLD IS PROUD TO HAVE YUKONERS AT WORK

IF YOU ARE A YUKONER WITH MINING EXPERIENCE, WE ENCOURAGE YOU TO CONNECT WITH US.

Victoria is currently hiring tradespeople, equipment operators, process/crusher operators and other positions to work at the Eagle Gold Mine. Visit the "Work For Us" page on our website at vitgoldcorp.com/contact/work-for-us/ and send your resume to greatpeoplework@vitgoldcorp.com.

ABOUT VICTORIA GOLD & THE EAGLE GOLD MINE

The Eagle Gold Mine, currently under construction, is part of Victoria's 100 per cent-owned Dublin Gulch gold property located approximately 375 kilometres north of Whitehorse and 85 kilometres north, northeast of the Village of Mayo within the traditional territory of the First Nation of Na-Cho Nyak Dun. The property is accessible by road year-round and is within Yukon Energy's electrical grid.

The Eagle Gold Mine has received all major permits for construction and operations, completed the Yukon Environmental and Socio-economic Assessment Board (YESAB) process and mutually created and

implements the *Comprehensive Cooperation and Benefits Agreement* with the First Nation of Na-Cho Nyak Dun. Once in operations, the mine will be a significant economic contributor to Yukon employing 350 to 400 people.
